

DISCLAIMER BEFORE LOOKING AT POSTED GRADES!!

Keep in mind that scores posted here are sensitive and should be viewed in the accompaniment of an adult. Grades are a sensitive subject, and for many reasons students do well or under perform on any given day. These grades are not intended to make any feel bad or less important than anyone else. Instead of dwelling on a negative grade, use posted grades as motivation for future improvement. There is a learning experience in every assessment a student receives.
